### Directions

Interviews are required for the Spring Apprenticeship field work only. You do not need an interview for a lecture series like Herbal Concepts, Physiology for the Herbalist, etc. Interviews will be conducted in person and last two to three hours. We will cover our course description and teaching methods in depth. This time allows you to interview us and become familiar with our teaching styles.

Send your completed Interview Request Form to the email or physical address at the bottom of this page. We will call or email you to confirm receipt of your application. Interview scheduling begins in September, 2017. We process applications partially on a first come first serve basis, so you may not receive a call to schedule an interview until later in the fall.

If accepted, a \$400.00 non-refundable deposit will be required to hold your place in the 2017 Spring Program. If you have any questions about the class or the interview process contact us at 541- 687-7114.
